**Subject: Louisiana Shadow Government-Project 2020 Summit**

Fellow Southern Patriot,

**Good news!** Recent national polls have documented that over 63% of Americans favor KEEPING our Confederate monuments & flags. This national finding is similar to a Louisiana poll that found nearly 70% of our citizens want to keep our Confederate monuments. The question remains as to why are “our” politicians caving in to the demands of leftwing, neo-Marxist extremists?

The answer is simple—politicians respond to pressure! The left has spent decades developing allies and refining their pressure tactics. The left has political clout, we do not have political clout! They are organized for political action, while we are not. When they go to Baton Rouge or any other state capitol with a bill they want to pass or one they want to kill, they have already counted the votes, determined which legislators are weak and will respond to their pressure & threats. We can keep doing the same things we have always done, and get the same sorry results or we can take a new, dynamic approach.

The Kennedy Twins are inviting you to join us Saturday, October 28, 2017 for a summit in which we will explain how “we the people” of Louisiana and the South can establish an activist movement to gain political clout that will not only protect our Confederate monuments but will give us an opportunity to reclaim *real* states’ rights via Project 2020. This will be a working summit for those who are tired of “meeting, eating, and retreating.” We want Louisiana to be the first Southern State to establish a conservative shadow government. The shadow government will be responsible for first promoting our cause in every Parish; lobbying the state legislature to pass monument protection and other legislation (such as outlawing sanctuary cities); promoting the election of a candidate who will use his office as a “Bully Pulpit” to promote our cause; and the passage of legislation to allow for a ballot initiative (in LA a constitutional amendment) giving the people of Southern States an opportunity to vote on whether or not they want a U.S. Constitutional Amendment acknowledging *real* states’ rights inclusive of the right of state nullification. The only way to put a stake in the heart of the “deep state.”

The strategy and tactics are described in *Dixie Rising—Rules for Rebels* and will be the textbook for the summit. More information regarding Project 2020 can be found on our website [www.kennedytwins.com](http://www.kennedytwins.com) link at the bottom of the second page.

**Where:** West Baton Rouge Conference Center, 2750 North Westport Dr., Port Allen, Louisiana

**When:** Saturday October 28, 2017; registration begins 8:00 AM, Summit 9:00 AM to 3:00 PM.

**Cost:** \$35.00 per person, \$60.00 husband/wife, lunch included, make checks or money order payable & **mail to** Liberty Books, 4700 LA Hwy 22, Mandeville, LA 70471
